Statement of Purpose / Fiscal Impact

STATEMENT OF PURPOSE

RS 16263

This proposed legislation seeks to establish a committee to focus on statewide efforts to address substance abuse based on a recommendation from the Office of Performance Evaluations. The committee will concentrate on analyzing services provided through the relevant state agencies, assessing statewide needs, developing a statewide plan, and coordinating efforts of pertinent agencies. The efforts of this committee will advise state agencies on needs and strategies pertaining to services provided, and annually inform the Legislature and the Governor about the impacts and results of state efforts and about further needs.

FISCAL NOTE

Because it will draw from the existing staff and resources of the pertinent state entities, this committee should not require any new resources. Minimal costs will be incurred through member travel and related expenses, which will be reimbursed by their respective state entity. In addition, participating agencies may have to direct some resources to track and compile the basic data necessary for the committee to perform its functions effectively.
